

All the four statement could potentially contribute to stagflation in the Indian economy.

19. Consider the following statements about infant mortality rate :

1. It is the probability of dying between birth and exactly 1 year of age, expressed per 10000 live births.
2. The infant mortality rate in the year 1950 was 189-6.
3. In the year 2019, the infant mortality rate was 30.
4. As per the Sample Registration System (SRS) Bulletin of Registrar General of India (RGI), the State with the highest infant mortality rate in the year 2019 was Uttar Pradesh.

Which of the above statements are correct?

- (a) 1, 2 and 3 (b) 2, 3 and 4
(c) Only 2 and 3 (d) 1 and 4

69th B.P.S.C. (Pre) 2023

Ans. (c)

IMR (Infant Mortality Rate) is expressed in 1000 live birth, so statement (1) is wrong. Madhya Pradesh has the highest IMR in 2019. In 2019, Infant Mortality Rate for All India was 30. So correct statements are 2 and 3. At present India's infant mortality rate for 2024 is 25 deaths per 1000 live births, which is a 3.08% decrease from 2023.

Sustainable Economic Development

1. Which sector of the Indian economy contributes the most to the Gross National Product ?

- (a) Primary sector (b) Secondary sector
(c) Tertiary sector (d) Public sector

44th B.P.S.C. (Pre) 2000

In India, the tertiary sector i.e. service sector contributes the most to the Gross National Product. The three components of the tertiary sector are (i) Transport, communication and trade (ii) banking, insurance and real estate and (iii) community and personal services. According to the Economic Survey, 2023-24, the share of tertiary sector in Gross National Product (now Gross Value Added: GVA) is 54.7%.

2. What is the India's rank in the 2016 Sustainable Development Goal Index?

- (a) 110th (b) 88th
(c) 63rd (d) 129th

(e) None of the above/More than one of the above

60th-62nd B.P.S.C. (Pre) 2016

Ans. (a)

India was ranked at 110th place among 149 countries in 2016 Sustainable Development Goal (SDG) Index. As per the 6th Edition of 'Sustainable Development Report 2021', released by Sustainable Development Solutions Network (SDSN) in June, 2021, India with a score of 60.1 has been placed at 120th rank out of 165 countries. As per SDG Index 2022 with a score of 60.3 has been placed at 121st rank out of 163 countries. As per SDG Index 2024, India was ranked at 109th place among 166 countries.

3. Which of the following countries has topped in the Human Capital Index, 2020?

- (a) Japan (b) South Korea
(c) Singapore (d) Hong Kong
(e) None of the above / More than one of the above

66th B.P.S.C. (Pre) 2020

Ans. (c)

The Human Capital Index (HCI) is an international metric that benchmarks the key components of human capital across countries. The HCI was launched by the World Bank in 2018 as part of the Human Capital Project. Its latest 2020 update was launched in September, 2020. In this update, Singapore again ranked first among 174 economies with score of 0.88. In HCI 2020, India has been ranked at the 116th position (it was 115th out of 157 countries in 2018). India's score increased to 0.49 in 2020 from 0.44 in 2018. As per 2023 World Bank Human Capital Index India's rank is 116 out of 195 countries.

4. With whom the CEO of NITI Aayog, B. Subrahmanyam has recently signed the 'Government of India-United Nations Sustainable Development Cooperation Framework'?

- (a) Shombi Sharp (b) Eric Garcetti
(c) Ruchira Kamboj (d) Suman Bery

B.P.S.C. Assistant Mains (GK) Paper II 2023

Ans. (a)

On 16 June 2023, NITI Aayog and the United Nations in India signed the Government of India - United Nations Sustainable Development Cooperation Framework 2023-2027. The GoI-UNSDCF was signed by Mr. B V R Subrahmanyam, CEO, NITI Aayog, and Mr. Shombi Sharp, UN Resident Coordinator, India in the presence of the Vice Chairman of NITI Aayog, Mr. Suman Bery, senior representatives from NITI Aayog, central ministries and heads of UN agencies in India.
