

Detroit city of Michigan, USA, is famous for its automobile industry and not for cotton textile. Apart from the automobile industry, there are also industries related to Tyres, Electric Wires, Battery, Paint, Car Machinery, Chemicals, Computers, etc. Ontario situated in Canada is famous for the paper industry, Texas is famous for chemical industry and Nagoya in Japan is known for the motor car. Thus, option (b) is not correctly matched.

35. Which one of the following is not correctly matched?

- | | |
|--------------------|------------------|
| (a) Detroit | - Automobile |
| (b) Gornaya Shoria | - Cotton Textile |
| (c) Anshan | - Iron and Steel |
| (d) Yokohama | - Ship Building |

R.A.S./R.T.S. (Pre) 2021

Ans. (b)

The correct match is as follows :

Detroit (USA)	Automobile
Gornaya Shoria (Russia)	- Iron ore reserve
Anshan (China)	- Iron and Steel
Yokohama (Japan)	- Ship Building

36. What is meant by the term 'Umland'?

- (a) The heart area of a town
 (b) A satellite town
 (c) Area surrounding a town
 (d) Residential area of a town

U.P. P.C.S. (Mains) 2017

Ans. (c)

An Umland is an area surrounding a town. An Umland refers to the environs of a city town or village, that is the part of the main community through common economic and cultural activities. The term was first used by Daniel Saunders in 1883 but the term was highlighted by Andre Allix, a French geographer in 1914.

37. Who was the first to use the word 'Megalopolis'?

- | | |
|-------------------|-----------------------|
| (a) Jean Gottmann | (b) Taylor |
| (c) Davis | (d) None of the above |

U.P. R.O./A.R.O. (Pre) 2023

Ans. (a)

The term 'Megalopolis' was first coined by the French geographer Jean Gottmann in his book 'Megalopolis : The Urbanized Northeastern seaboard of the United States published in 1961. He used it to refer to the large cities along the northeastern seaboard of the United State of America.

38. Which of the following cities is known as the oil capital of Europe?

- | | |
|-------------|---------------|
| (a) Belfast | (b) Aberdeen |
| (c) Leeds | (d) Liverpool |

U.P.P.C.S. (Pre) 2017

Ans. (b)

Aberdeen is often called the 'Oil Capital of Europe'. The petroleum industry in Aberdeen began with the discovery of significant oil deposits in the North Sea during the mid-20th century.

39. Which is not a correct match?

Industrial Region	Country
(a) Ruhr	– Germany
(b) Southern New England	– United Kingdom
(c) Po Valley	– Italy
(d) Kanto Plains	– Japan

R.A.S./R.T.S. (Pre) 2018

Ans. (b)

(Industrial Region)	(Country)
Ruhr	– Germany
Southern New England	– United States of America
Po Valley	– Italy
Kanto Plains	– Japan

Hence option (b) is not correctly matched.

40. Among the following which is not an Industrial Region of U.S.A.?

- (a) Cincinnati Indianapolis Region
 (b) Great Kanawha Valley Region
 (c) Midlands Region
 (d) Michigan Lake Region
 (e) Question not attempted

Raj. P.C.S. (Pre) 2023

Ans. (c)

The Midlands is an area in Central England. It can be divided into the East and West Midlands. Leicestershire, Northamptonshire, Derbyshire. Nottinghamshire, Lincoln and Rutland are the historical and geographical counties that make up the East Midlands. The counties of Staffordshire, Warwickshire, Shropshire. Herefordshire and Worcestershire make up the West Midlands.

The Transport

*The highways are better developed and proliferated in developed countries as compared to developing countries.

***Trans Canadian Highway** connects the city of Saint Johns (Newfoundland and Labrador) located in the eastern coast of Canada to Vancouver city in British Columbia. ***Alaska**

Highway begins in Dawson Creek, British Columbia and runs to Delta Junction, Alaska. ***Pan American Highway** connects South America, Middle Americas to USA and Canada. **Stuart Highway** connects Darwin in the Northern Territory of Australia, to Melbourne in Victoria via Alice spring to Port Augusta in South Australia. *China is a large country whose important cities are connected via road networks. The main highway of Russia connects its capital Moscow to Irkutsk city of the Siberian region. *The Capital of Egypt, Cairo is connected to Cape Town in South Africa through an intercontinental highway (Trans-African Highway-4). *The Commercial air transport was started by USA in the year 1914, which later proliferated to different parts of the world.

*There is a dense network of air routes in Western Europe, Eastern USA and southeast Asia. Major air routes are centred in some important places. Among these, some important locations are London, Paris, Rome, Moscow, Karachi, Delhi, Mumbai, Bangkok, Singapore, Tokyo, San Francisco, Los Angeles, Chicago, New York, Rio-de-Janeiro, Karachi, Delhi, Mumbai, etc. The air routes of these places have been arranged according to their respective distances for example, the international flight from Delhi to Tokyo travels on an international route having stoppages at the airports of Bangkok (Thailand), Hanoi (Vietnam), Hong Kong (China) and Taipei City (Taiwan) respectively. *Some long-distance air routes of the world are:

(1) Newyork–London–Paris–Rome–Kahira–Delhi–Kolkota–Hongkong–Tokyo route.

(2) Newyork–San Francisco–Honolulu–Hong Kong–Adelaide–Perth route.

The important passenger airlines of USA are–**American Airlines, Delta Airlines** and **Southwest Airlines**. ***All Nippon Airways** is most important passenger airline in Japan. **Air China** is China's air service. ***Lufthansa** is Germany's passenger airline service. ***Emirates** is passenger airline service of United Arab Emirates.

* The world **first public rail transport** took place in **1825** between Stockton in Northern England and Darlington. *According to World Bank data in terms of total Rail lines in km (in 2021), the top 5 countries are - USA > China > Russia > India > Canada. United States of America (according to data from the year 2021) has railway lines (total rail lines-km) of 14,8553 km. similarly, 109767 km in China, 85544 km in Russia and 68103 km in India. *The world's longest railway route is **Trans-Siberian Railway** (about 9300 km.). Starting from West of Eurasia in Leningrad, it connects the city of St. Petersburg to Vladivostok which is located in the eastern coast of Pacific Ocean. **Note-** The main track of Trans-Siberian Railway extends from Vladivostok to

Moscow. By using a connecting service it can be traveled to Saint Petersburg in west. ***Trans Andes** is the most important rail route of South America. It connects Valparaíso in Chile to Buenos Aires in Argentina. ***Orient Express** is the most important rail route of Europe. It passes through 8 major countries of Europe. Orient Express connects LC Haure and Paris to the capital of Turkiye i.e. Istanbul. This train operated until 2009. *The **Trans-European Railway** connects the capital of France Paris to Warsaw (Poland). *The construction of **Canadian Pacific Railway** completed in the year 1885. ***Trans–Australian Railway**. It connects originally Port Augusta in South Australia to Kalgoorlie in Western Australia. If latter expanded from Sydney in New-South Wales to Perth in Western Australia.

*Waterways is a relatively inexpensive medium of travel. The important oceanic trade routes of the world are–(1) **North Atlantic Ocean route** connects the North American industrial region to the industrial regions of Europe. (2) The Mediterranean sea and Indian Ocean route connects the developed regions of Western Europe to developing regions of East Africa, South Asia and East Asia, Via Mediterranean Sea, Red Sea and the Indian Ocean. (3) **Suez Canal Route** connects the Mediterranean Sea to Red sea. Among all the European countries, Britain has benefited the most from the Suez Canal Route. (4) **Cape of Hope route** - Prior to the opening of Suez Canal it was the only waterwat option of available. The route made the ships all along the African continent to reach the Red Sea. (5) **South Atlantic Route** connects the countries of Western Europe and Western Africa to Brazil, Argentina and Uruguay of South America. Some other important sea routes include – **North Pacific route, South Pacific route** and **Panama Canal**. ***Delaware Aqueduct** is located in USA. It is the largest rock tunnel in the world. The tunnel is 137 km. long and 13.5 feet to 19.5 feet broad and is used to carry New York city's water supply. It has been constructed by drilling the hard rocks. ***The Paijanne water tunnel** of Finland is 120 km. long and is the second longest tunnel used for carrying water supply. ***Bolmen water tunnel** of Sweden is 82 km. long and is used to carry water supply. ***The Eurotunnel** connects England (U.K.) and France. it is also known as the **Channel Tunnel**.

1. **Assertion (A) : North Atlantic sea route is the busiest sea route in the world.**

Reason (R) : It connects two major industrial zones of the world.

In the context of the above statements which of the following is correct?

Code :

- (a) (A) and (R) both are true, and (R) is correct explanation of (A).
- (b) (A) and (R) both are true, and (R) is not correct explanation of (A).
- (c) (A) is true, but (R) is false.
- (d) (R) is true, but (A) is false.

U.P.P.C.S. (Pre) 2003

U.P.U.D.A./L.D.A. (Pre) 2002

Ans. (a)

North Atlantic sea route, connects two major industrial zones of Europe and North America. It is the busiest sea route in the world. Thus, (A) and (R) both are true and (R) is the correct explanation of A.

2. Which of the following is the busiest sea route of the world?

- (a) Indian Ocean
- (b) North Atlantic Ocean
- (c) South Atlantic Ocean
- (d) Pacific Ocean

U.P.P.C.S. (Pre) 1998

Ans. (b)

North Atlantic Ocean Route is the busiest ocean route. Major ports of western Europe i.e., London, Liverpool, Hamburg, Amsterdam etc. and major ports of North America like Quebec, New York, Boston, Philadelphia etc. come under the North Atlantic Ocean Route.

3. Which one of the following is the busiest ocean trade route ?

- (a) Cape of Good Hope
- (b) Panama Canal
- (c) Suez Canal
- (d) North Atlantic

U.P.P.C.S. (Pre) 2014

Ans. (d)

See the explanation of above question.

4. During a flight from Delhi to Tokyo, the following are the landing airports:

- 1. Hong Kong
- 2. Hanoi
- 3. Taipei
- 4. Bangkok.

The correct sequence of the landing at these airports during an onward journey is :

- (a) 1, 2, 3, 4
- (b) 4, 2, 1, 3
- (c) 3, 4, 1, 2
- (d) 4, 1, 2, 3

I.A.S. (Pre) 1997

Ans. (b)

During a flight from Delhi to Tokyo, the aeroplane will land in Bangkok (Thailand), Hanoi (Vietnam), Hongkong (China), Taipei City (Taiwan) airports respectively. Thus, option (b) has the correct sequence.

5. With reference to the 'Rhine River in Europe', which of the following statements/s is /are correct?

- 1. Rhine river is an important pathway for industrial activity in northern Germany.
- 2. Port of Rotterdam is located at the mouth of the Rhine river.

Select the correct answer using the code given below :

Code :

- (a) Both 1 and 2
- (b) Only 2
- (c) Only 1
- (d) Neither 1 nor 2

U.P. R.O./A.R.O. (Pre) 2023

Ans. (b)

The Rhine river flows from the Swiss Alps through the rift valley and empties in to the North Sea. The famous city of Bonn in Germany is situated on its banks. It flows from Germany. The Rhine River is an important pathway for Industrial activities in Western and Southern Germany, therefore statement 1 is wrong.

The port of Rotterdam is located in the delta of the Rhine - Meuse - Scheldt rivers in the Netherlands.

6. The shortest air-route from Perth to London is:

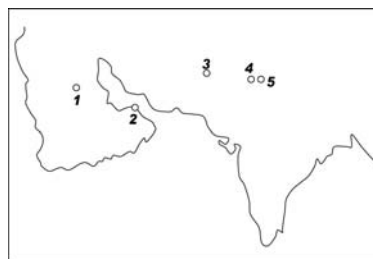

- (a) Perth, Bombay, Rome, London
- (b) Perth, Ankara, Paris, London
- (c) Perth, Aden, Paris, London
- (d) Perth, Mombasa, Rome. London

I.A.S. (Pre) 1994

Ans. (a)

After observing various given routes, it is clear that option (a) is the shortest air-route from Perth to London.

7. The given map shows locations of airports labelled as 1, 2, 3, 4 and 5. What is the correct sequences of the airports in which the hijacked Indian Airlines plane IC-814 landed after its initial take off from Kathmandu in December 1999?

- (a) 3, 1, 2, 4
- (b) 2, 4, 1, 3
- (c) 5, 4, 2, 3
- (d) 5, 1, 3, 2

I.A.S. (Pre) 2000

Ans. (c)

The Indian airlines plane IC-814, which was hijacked after its initial take off from Kathmandu in December 1999, landed at Amritsar airport marked "5" in the map, then in Lahore marked "4" in the map, then in Dubai marked "2" in the map and finally landed at Kandahar airport marked "3" in the map.

8. To which country the airlines 'Lufthansa' belongs to?

- (a) Germany (b) France
(c) Yugoslavia (d) Spain

M.P.P.C.S. (Spl) (Pre) 2004

Ans. (a)

Lufthansa is a German airlines. In the context of passenger airline services, it is the fourth largest passenger airline fleet in the World.

9. Match List- I with List- II and select the correct answer using the codes given below:

List- I

List II

- (A) European trans-Continental railway (1) Paris to Istanbul
(B) Trans-Andean railway (2) Leningrad to Vladivostok
(C) Trans-Siberian railway (3) Leningrad to Volgograd
(D) Orient Express (4) Buenos Aires to Valparaiso
(5) Paris to Warsaw

Code :

- | | A | B | C | D |
|-----|---|---|---|---|
| (a) | 5 | 4 | 2 | 1 |
| (b) | 1 | 4 | 3 | 2 |
| (c) | 5 | 1 | 2 | 3 |
| (d) | 1 | 2 | 3 | 4 |

I.A.S. (Pre) 1995

47th B.P.S.C (Pre) 2005

Ans. (a)

European trans-continental railway travel from Paris to Warsaw. Trans-Andean railway is the most important rail route of South America. It travels from Valparaiso to Buenos Aires of Argentina. The Trans-Siberian railway is the longest (about 9300 km.) railway in the world. It has connects St. Petersburg (Leningrad) with Vladivostok. **Note-** The main track of Trans-Siberian Railway extends from Vladivostok to Moscow. By using a connecting service it can be traveled to Saint Petersburg in west. Orient Express was most important rail route of Europe. It runs across eight countries of Europe. It connects Paris & Le Havre to Istanbul.

10. Which one of the following cities is not located on the Trans-Siberian rail route?

- (a) Kazan (b) Omsk

(c) Sochi

(d) Chita

U.P.P.C.S. (Pre) 2019

Ans. (c)

Main cities located on the Trans-Siberian rail route from west to east are St. Petersburg, Moscow, Perm, Kazan, Yekaterinburg, Tyumen, Omsk, Novosibirsk, Krasnoyarsk, Ulan-Ude, Chita, Khabarovsk and Vladivostok. **Note-** The main track of Trans-Siberian Railway extends from Vladivostok to Moscow. By using a connecting service it can be traveled to Saint Petersburg in west. The city not on trans-Siberian rail route is Sochi. So, the correct answer is option (c).

11. Which country has the world's longest network of bullet train?

- (a) Russia (b) Japan
(c) U.S.A. (d) China

Uttarakhand P.C.S. (Pre) 2016

Ans. (d)

The total length of China's operating high operating rail tracks reached 48000 km by the end of 2024. China has the largest high-speed rail network in the world. China has started its longest Bullet train. 'Shangri-la of the World' on 5 January, 2017 connecting Kunming, capital of South-west China's Yunnan Province to Beijing (2760 km) covering the distance in approximately 13 hours with the maximum speed of 330 km/h).

12. The correct sequence in descending order of the given countries in terms of railway length in the world is

- (a) India, U.S.A., Germany, Canada
(b) Canada, Germany, U.S.A., India
(c) U.S.A., Canada, India, Germany
(d) Germany, U.S.A., Canada, India

U.P.P.C.S. (Pre) 2014

U.P.P.C.S. (Spl) (Mains) 2008

Ans. (*)

The correct sequence in descending order of the given countries in terms of railway length in the world are USA, India, Canada, Germany which is not given in the option. Thus, none of the options is correct.

(Countries)	(Railway Length, in Kms.)
USA	- 148553 (2021)
China	- 109767 (2021)
Russia	- 85544 (2021)
India	- 68103 (2021)
Canada	- 48150 (2021)

13. The Canadian Pacific Railway runs between –

- (a) Edmonton and Halifax
(b) Montreal and Vancouver
