

Gobind Sagar is a man-made reservoir situated in Una and Bilaspur district of Himachal Pradesh. It is formed by the Bhakra-Nangal Dam. Govind Vallabh Pant Sagar is a man-made lake situated in the southern region of Sonbhadra (Uttar Pradesh). Gandhi Sagar (Madhya Pradesh) and Jawahar Sagar (Rajasthan) are associated with Chambal Valley Project.

6. Which of the following water reservoirs is built on Chambal River?

- (a) Nagarjuna Sagar (b) Rana Pratap Sagar
(c) Vindhya Sagar (d) Rihand

M.P.P.C.S. (Pre) 2016

Ans. (b)

Rana Pratap Sagar Dam is a great masonry dam built on the Chambal river at Rawatbhata in Rajasthan. Its construction started in 1953 and it was inaugurated in 1970.

vii. Tehri Dam Project

*The Tehri Dam project has been constructed on the Bhagirathi river near Tehri Garhwal district in Uttarakhand. The main objective of this project is storage of extra water from the Bhilangana and Bhagirathi river for irrigation, flood control and electricity generation.

*It was approved in 1972 by the Planning commission but the work on it started in 1978. For this project THDC (Tehri Hydroelectric Development Corporation) was established.

*It is the **highest dam of India** (260.5 Meter). The main reason for the protest against the Tehri Dam project is its association to earthquake-prone area, damage of environment and displacement of local people.

1. Tehri dam is being constructed in Uttarakhand-

- (a) On Bhagirathi river
(b) On Ramganga river
(c) On Alaknanda river
(d) On Bhilangana rivers

U.P.P.C.S. (Pre) 2002

Ans. (a)

Tehri Dam has been constructed on the Bhagirathi river in Tehri Garhwal district of Uttarakhand. Bhilangana river flows into Bhagirathi at old Tehri before the site of Tehri dam. The major objectives of the project are to impound floodwaters of the Bhagirathi and the Bhilangana rivers into a large reservoir behind the dam, generation of hydroelectricity and irrigation of agricultural land. The project was cleared by the Planning Commission of India in 1972 but construction started from 1978.

2. On which of the following rivers, the Tehri Hydro Power Project has been constructed?

- (a) Bhagirathi and Alaknanda
(b) Yamuna and Bhagirathi
(c) Kali and Tons
(d) Bhagirathi and Bhilangana

Uttarakhand P.C.S. (Pre) 2012

Ans. (d)

See the explanation of the above question.

3. On which one of the following rivers is the Tehri Hydropower Complex located?

- (a) Alaknanda (b) Bhagirathi
(c) Dhauliganga (d) Mandakini

I.A.S. (Pre) 2009

Ans. (b)

See the explanation of the above question.

4. Tehri dam is constructed on –

- (a) Tehri river (b) Yamuna river
(c) Alaknanda river (d) Ganga river

M.P.P.C.S. (Pre) 2010

Ans. (d)

Tehri dam is constructed across the Bhagirathi source of (Ganga). Since Bhagirathi is not given in the option, the correct answer would be 'Ganga'.

5. In the given figure, the site of the Tehri dam has been labeled as.

- (a) A (b) B
(c) C (d) D

I.A.S. (Pre) 1999

Ans. (c)

Site A depicts Bhagirathi river, Site B depicts the Bhilangana river and C depicts the confluence of the Bhagirathi and the Bhilangana rivers on which Tehri Dam is constructed.

viii. Damodar Valley Project

*Damodar river is the main tributary of Hugli. It is known as “Sorrow of Bengal” due to excessive pollution and frequent floods. Damodar Valley Corporation was established in 1948. *The dam of Tilaiya, Belpahadi and Maithon has
