

- (c) Mulberry silk – Jharkhand
(d) Tasar silk – Karnataka

U.P.P.C.S. (Mains) 2008

Ans. (a)

The correct match of given silk varieties and their relation with the states is as follows : (Production in 2022-23)

Mulberry - Silk -Karnataka (42.75%)

Tasar - Silk - Jharkhand (66.24%)

Eri – Silk - Assam (74.66%)

Muga- Silk – Assam & BTC (80.84%)

5. Consider the following statements and select the correct answer from the code given below :

1. Karnataka is the largest producer of raw silk in India
2. Andhra Pradesh is the largest producer of mulberry silk in India.
3. Jharkhand is the largest producer of Tasar silk in India.
4. Meghalaya is the largest producer of Eri silk in India.

Code :

- (a) 1 and 2 only (b) 2 and 3 only
(c) 1 and 3 only (d) 2 and 4 only

U.P.U.D.A./L.D.A. (Mains) 2010

Ans. (c)

See the explanation of above question.

6. Muga is such a variety of silk which is obtained in the world only from India in –

- (a) Assam (b) Bihar
(c) Karnataka (d) Tamil Nadu

U.P.P.C.S. (Spl) (Mains) 2008

Ans. (a)

One of the rarest silks in the world is the Muga silk. In the year 2022-23 Assam & BTC (80.84%) and Meghalaya (15.71%) are the major producer of Muga silk.

7. The discovery of Oak flora in 1966 added a new chapter to the history of Indian Sericulture. Which one of the following states is the leading producer of Oak Tasar silk?

- (a) Assam (b) Bihar
(c) Manipur (d) Orissa

I.A.S. (Pre) 1998

Ans. (c)

Jharkhand is currently the leading State to produce tasar silk in India. Tasar silk is divided into two categories namely tropical tasar and Oak tasar. Tropical tasar is produced the maximum in Jharkhand while Oak tasar is produced in Manipur. Hence, option (c) is the correct answer.

8. Which of the following states of India is the largest producer of Silk Textiles ?

- (a) Karnataka (b) Tamil Nadu
(c) Andhra Pradesh (d) West Bengal

U.P.P.C.S. (Mains) 2013

Ans. (a)

Karnataka is the largest producer (in 2024) of silk garments in India.

9. Which of the following States of India produces maximum silk yarn?

- (a) Tamil Nadu (b) Punjab
(c) Madhya Pradesh (d) Karnataka

U.P. P.C.S. (Mains) 2017

Ans. (d)

Karnataka is the largest producer (in 2022-23) of silk yarn. However, India has the unique distinction of being the only country producing all the five kinds of silk namely Mulberry, Eri, Muga, Tropical Tasar and Temperate Tasar.

Plantation Crops

(i) Coffee

* Coffee in India is grown under a canopy of thick natural shade in ecologically sensitive regions of the Western and Eastern Ghats. This is one of the 25 biodiversity hotspots of the world. Coffee contributes significantly to sustaining the unique bio-diversity of the region and is also responsible for the socio-economic development in the remote, hilly areas. In India, coffee is traditionally grown in the Western Ghats spread over Karnataka, Kerala and Tamil Nadu. Coffee cultivation is also expanding rapidly in the nontraditional areas of Andhra Pradesh and Odisha as well as in the North East State. In India coffee was firstly grown in Chikkamagaluru district of Karnataka.

* **Arabica** and **Robusta** are the two varieties of coffee grown in India.

* Average annual temperature ranging between **15°C to 18°C** and average annual precipitation of **150-250 cm** is favourable for Coffee Cultivation.

***Loamy soil** or soil made from lava is perfect for coffee cultivation and it is grown on hilly slopes.

* According to the data from coffee Board Government of India, in the Year 2022-23, **Karnataka** is the highest coffee producing state of India.

* According to the figures of the year 2022-23 (Final Estimate), India produced a total of 352000 MTs of coffee, of which 248020 MTs is produced from Karnataka only.

* Kerala produces 72425 MTs of India's coffee and is a second largest coffee producing state in India.

* Tamil Nadu stands at third place in coffee production which is 18700 MTs of total.

* Coffee is amplified through seeds.

***National Horticulture Board** was set up by Government of India in April 1984. The National Horticulture Board is registered as an autonomous society under the Societies Registration Act 1860, with its headquarters in Gurugram(Haryana).

*Coffee Board in India was established by Government of India under section VII of the Statute "Coffee Act, 1942". Ministry of Commerce and Industry has administrative control of this Board.

* Production in major States / Districts of India (in MTs)

Coffee Production in Major State/Districts of India (in MTs)			
State/District	Final Estimate 2022-2023		
	Arabica	Robusta	Total
Karnataka			
Chikkamagaluru	37150	45300	82450
Kodagu	19120	109600	128720
Hassan	15750	21100	36850
Sub total	72020	176000	248020
Kerala			
Wayanad	0	60800	60800
Travancore	875	8000	8875
Nelliampathies	1100	1650	2750

1. **National Horticulture Board** was established in the year

(a) 1976 (b) 1987

(c) 1984 (d) 2002

U.P.P.C.S. (Mains) 2014

Ans. (c)

National Horticulture Board was established in the year 1984, under Society Registration Act of 1860 as an independent society. Its headquarter is located in Gurugram (Haryana).

2. **Though coffee and tea both are cultivated on hill slopes, there is some difference between them regarding their cultivation. In this context, consider the following Statements:**

1. Coffee plant requires a hot and humid climate of tropical areas whereas tea can be cultivated in both tropical and subtropical areas
2. Coffee is propagated by seeds but tea is propagated by stem cuttings only.

Which of the statements given above is/are correct?

- (a) 1 only (b) 2 only
(c) Both 1 and 2 (d) Neither 1 nor 2

I.A.S. (Pre) 2010

Ans. (c)

Hot and humid type of climate is needed for coffee plants in tropical regions. Whereas the cultivation of tea can be done in both tropical and subtropical regions. Coffee is propagated by seeds but tea is propagated by stem cuttings. Therefore both statements 1 and 2 are correct and so option (c) is the correct answer.

3. **Which Indian state is the largest producer of Coffee?**

- (a) Maharashtra (b) Kerala
(c) Odisha (d) Karnataka

U.P.U.D.A./L.D.A. (Pre) 2006

M.P.P.C.S. (Pre) 2006

U.P.P.C.S. (Spl) (Mains) 2004

U.P.P.C.S. (Pre) 2002

Ans. (d)

In India, mainly two varieties of Coffee are produced – Arabica and Robusta. Karnataka is the largest coffee producing (2022-23) state in India. Due to its better taste, there is a high demand in foreign countries. According to the 2022-23 data for coffee production in India, Karnataka accounts for 70.46%, Kerala (20.58%) & Tamil Nadu (5.31%) of total production of coffee.
