

4. Which of the following Indian state has been the largest coffee producing state –

- (a) Maharashtra (b) Karnataka
(c) Tamilnadu (d) Kerala

U.P.U.D.A./L.D.A. (Spl) (Mains) 2010

Ans. (b)

See the explanation of above question.

5. Largest producer of coffee in India is –

- (a) Kerala (b) Karnataka
(c) Tamil Nadu (d) Andhra Pradesh

U.P.P.S.C. (GIC) 2010

U.P. Lower Sub. (Pre) 2003

U.P. Lower Sub. (Pre) 2002

Ans. (b)

See the explanation of above question.

6. Which of the following States of India produces more than 70 percent coffee of the country alone?

- (a) Tamil Nadu (b) Kerala
(c) Maharashtra (d) Karnataka

U.P.P.C.S. (Pre) 2016

Ans. (d)

Karnataka produced 70.46 percent (248020 MTs) of coffee (2022-23) production in India.

7. Which one of the following has the largest area under coffee cultivation ?

- (a) Andhra Pradesh (b) Karnataka
(c) Kerala (d) Tamil Nadu

U.P.P.C.S. (Mains) 2002

Ans. (b)

According to data for 2019-20, Karnataka has the largest area under coffee cultivation. Kerala is in second place with area Tamil Nadu at the third place with area under coffee cultivation.

8. Consider the following statements:

- Chikmagalur is well-known for sugar production.
- Mandya is well-known as a coffee-producing region.

Which of the statements given above is/are correct?

- (a) 1 only (b) 2 only
(c) Both 1 and 2 (d) Neither 1 nor 2

I.A.S. (Pre) 2008

Ans. (d)

Chikmagalur district of Karnataka is famous for the production of Coffee and not for Sugar. In India, Coffee was first time grown here. Mandya district of Karnataka is famous for Sugar not Coffee. Hence (d) is the correct answer.

9. Which one of the following coffee-growing areas is not in Karnataka?

- (a) Chikmagalur (b) Coorg
(c) Baba Budangin (d) Pulneys
(e) None of the above/More than one of the above

66th B.P.S.C. (Pre) 2020

Ans. (d)

The Pulneys hill range is situated adjacent to the popular Kodaikanal hill resort in Tamil Nadu.

(ii) Tea and Rubber

*Tea is the most important plantation crop in India. Tea owes its origin to the 'Yunnan' plateau of South China.

*Tea is a crop of Tropical region. Tea requires temperature ranging between 25°C to 30°C (temperature less than 15°C and frost are dangerous for tea) is required for proper growth.

* Tea requires 150-200 cm of annual rainfall and is grown on hilly slopes.

* In India there are two main types of Tea:- (i) Bohea or Chinese

(ii) Assamica or Assamese.

* According to data of Tea Board of India Assam is the largest tea (2022-23) producing state of India. According to figures of 2022-23 (Final data), **Assam** is at the top both in terms of Area under cultivation and tea production.

* Assam, West Bengal, Tamil Nadu, Kerala and Karnataka are major tea producing states of India.

*Tea consumption has grown particularly rapidly in China, India and other emerging economies, driven by a combination of higher incomes and diversification in to other marker segments, such as organic and specially teas.

*According to figures (FAO) for the year 2023, **China** is ranked first in the world in tea (leaves) production followed by **India** at Second, **Kenya** at third and Sri Lanka at fourth place.

* According to figures (FAO) of year 2023 top tea exporting countries are :

1. **Kenya**, 2. **China**, 3. **Sri Lanka**, 4. **India** .

*Plant of rubber requires **hot and humid climatic** conditions.

*Temperature ranging between 25°C to 28°C, average annual rainfall of 300 cm is necessary for rubber plant growth.

* Kerala is the largest rubber producing state of India. According to figures of 2014-15, 78.71% of total rubber production of

India takes place in Kerala. Its share has dropped to 71.13% (2023-24) **Ernakulam, Kottayam, Kozhikode** and **Kollam** are major rubber producing districts of Kerala.

* Top five states of India in terms of rubber production (2023-24) are -

1. Kerala 2. Tripura 3. Karnataka 4. Assam 5. Tamil Nadu.

* According to FAO 2023 India is placed 6th in the world in terms of natural rubber production.

* **According to FAO : 2023 Thailand** produces the largest amount of natural rubber in primary forms in the world.

1. Consider the following States :

- | | |
|---------------------|------------|
| 1. Andhra Pradesh | 2. Kerala |
| 3. Himachal Pradesh | 3. Tripura |

How many of the above are generally known as tea-producing States?

- | | |
|-----------------------|---------------------|
| (a) Only one State | (b) Only two States |
| (c) Only three States | (d) All four States |

I.A.S. (Pre) 2022

Ans. (c)

Assam, West Bengal, Tamil Nadu and Kerala are the major tea producing (in 2022-23) states of India. Tea is cultivated on a small scale in Tripura, Himachal Pradesh, Karnataka, Uttarakhand, Arunachal Pradesh, Manipur, Sikkim, Nagaland, Meghalaya, Mizoram, Bihar and Odisha.

2. India is the best producer and consumer of

- | | |
|--------------|------------|
| (a) Rice | (b) Tea |
| (c) Oilseeds | (d) Pulses |

39th B.P.S.C. (Pre) 1994

Ans. (*)

During the time when this question was asked India was leading in production and consumption of pulses and tea. According to the data released by FAO, in 2023, India came down to the second position in production of tea leaves. But in terms of production and consumption of pulses from the time of the question to present, India is still maintaining its first position. It is notable that the consumption of pulses in India is so high that even being the largest producer of pulses in the world, India still imports pulses from other countries.

3. In 2007-08 India's place, in terms of production and consumption of tea, was –

- | | |
|-----------|------------|
| (a) First | (b) Second |
| (c) Third | (d) Fourth |

U.P.P.C.S. (Pre) 2008

Ans. (a)

During year 2007-08, India was the top producer as well as consumer of tea. According FAO (2023), China is ranked first in the world in tea leaves production followed by India in second.

4. From the export of which of the following cash crops maximum foreign exchange is earned –

- | | |
|-------------|----------|
| (a) Tobacco | (b) Flax |
| (c) Wheat | (d) Tea |

M.P.P.C.S (Pre) 1993

Ans. (d)

Among the cash crops in question, India was getting maximum foreign exchange from the export of tea. According to the data released by the Tea Board of India, India exported tea (250.73 Million Kgs.) tea in the year 2023-24 (April-March, Final)

5. Which one of the following states is the largest producer of tea in India ?

- | | |
|-----------------------|-----------------|
| (a) Assam | (b) Tamil Nadu |
| (c) Arunachal Pradesh | (d) West Bengal |

U.P.P.C.S. (Pre) 1994

Ans. (a)

The largest producer (in 2022-23) of tea in India is the State of Assam. According to figures of 2022-23, Assam is at the top both in terms of Area under cultivation and tea production.

6. India produces more than its need –

- | | |
|---------------|---------------------|
| (a) Tea | (b) Foodgrains |
| (c) Petroleum | (d) Petro-chemicals |

43rd B.P.S.C. (Pre) 1999

Ans. (a)

In the options given in the question hour. India used to import cereals, petroleum and petro-chemicals and export tea, while the quantity share of tea in India's exports in the year 2023-24 (April-March Final) is about 250.73 M. Kgs. According to figures from FAO, India ranks fourth among tea exporting countries in 2023.

7. Assertion (A) : India is a major tea exporter country.

Reason (R) : Domestic consumption of tea in India is very poor.

**Select the correct answer from the code given below:
Code :**

- | |
|---|
| (a) Both (A) and (R) are true, and (R) is the correct explanation of (A). |
| (b) Both (A) and (R) are true, but (R) is not the correct explanation of (A). |
| (c) (A) is true, but (R) is false. |
| (d) (A) is false, but (R) is true. |

U.P.P.C.S. (Pre) 2007

Ans. (c)

Option (c) was the correct answer when this question was asked. According to figure of year 2023 top tea exporting countries are : 1. Kenya, 2. China, 3. Sri Lanka, 4. India.

8. In an area with an annual rainfall of more than 200 cms and sloping hills which crop will be ideal?

- (a) Jute (b) Cotton
(c) Tea (d) Maize

U.P.P.C.S (Pre) 2010

Ans. (c)

For the cultivation of tea, sloped hills with an annual rainfall of 150 to 200 cm is required. This is an ideal condition for the production of tea.

9. What is Green Gold ?

- (a) Coffee (b) Gold
(c) Paddy (d) Tea

U.P.P.C.S. (Spl) (Mains) 2008

Ans. (d)

Green Gold is a variety of tea.

10. Which one of the following (Boards in India Headquarter) is not correctly matched?-

- (a) Spices Board - Kochi
(b) Coffee Board - Hyderabad
(c) Tea Board - Kolkata
(d) Rubber Board - Kottayam

U.P. R.O./A.R.O. (Pre) 2023

Ans. (b)

Headquarter of the spices Board - Kochi, Kerala
Headquater of Coffee Board - Bengaluru, Karnataka
Headquarter of Tea Board of India - Kolkata (West Bengal)
Headquarter of Indian Rubber Board - Kottayam, Kerala

11. Which one of the following is an important crop of the Barak Valley ?

- (a) Jute (b) Tea
(c) Sugarcane (d) Cotton

I.A.S. (Pre) 1996

Ans. (c)

At present main crop cultivated in Barak Valley is Rice whereas Sugarcane is the second most important crop produced here. Since Rice has not been given in option, Sugarcane would be the most appropriate answer.

12. The largest producer of rubber in India is

- (a) Andhra Pradesh (b) Karnataka

(c) Kerala

(d) Tamil Nadu

43rd B.P.S.C. (Pre) 1999

U.P. Lower Sub. (Spl) (Pre) 2004

Ans. (c)

The largest producer of rubber in India is Kerala. 71.13% of total rubber production in India is produced by Kerala as per 2023-24 data. Ernakulam, Kottayam, Kozhikode and Kollam are the major rubber producing districts of Kerala. According to data for the year 2023 (FAO), India placed 6th in the world in terms of natural rubber in primary forms production.

13. Which one of the following States is the leading producer of rubber in India?

- (a) Tamil Nadu (b) Kerala
(c) Karnataka (d) Andhra Pradesh
(e) None of the above / More than one of the above

63rd B.P.C.S. (Pre) 2017

Ans. (b)

See the explanation of the above question.

14. In India the state which produced the largest amount of Rubber (2013)

- (a) Uttarakhand (b) Tamil Nadu
(c) Karnataka (d) Kerala

U.P.P.C.S. (Mains) 2014

Ans. (d)

See the explanation of above question.

15. Which of the following states in India is famous for rubber cultivation?

- (a) Karnataka (b) Odisha
(c) Andhra Pradesh (d) Kerala

Uttarakhand P.C.S. (Pre) 2012

Ans. (d)

See the explanation of above question.

16. Which among the following is the largest rubber producing state in India ?

- (a) Karnataka (b) Tamil Nadu
(c) Kerala (d) Maharashtra

U.P.P.S.C. (R.I.) 2014

Ans. (c)

See the explanation of above question.

17. Which one of the following is correctly matched?

- (a) Uttar Pradesh – Jute
(b) Assam – Wheat
